Valid from 1st July 2020

Interact Australia Fee Schedule

Interact Australia is a registered NDIS Provider

The National Disability Insurance Scheme has now rolled out to all states and territories in Australia.

Interact Australia has been a registered Service Provider for the past 3 years, commencing services mid-2016 in Victoria. We currently provide NDIS Services across multiple regions within Queensland, South Australia, Tasmania and Victoria. We are continuing to grow and expand the services we offer to ensure we meet the needs and requests of our Participants.

Interact Australia is committed to working collaboratively with our current and prospective Participants and their families/carers and support people, to plan and provide quality services and supports that respond to identified goals, needs and choices. This may involve the provision of a diverse range of services and supports.

Our fee schedule is **not** a comprehensive list of all available supports that can assist our Participants to achieve their goals, so if there is something that you think is missing, please discuss your needs with us and we will try to accommodate these in any way we can.

We will provide you with a quote for all supports you are seeking Interact Australia to provide and if you decide to use Interact Australia for your service delivery, we will establish a Service Agreement with you to ensure you are always clear about the services we have agreed to provide to you.

Rates outlined in this Fee Schedule are effective from 1 July 2020 – 30 June 2021.

Special NDIS Pricing Arrangements

The NDIA uses the Modified Monash Model (MMM) to determine regional, remote and very remote areas using a scale based on population size and locality (see table below).

	Zones	MMM	Inclusion
Metropolitan	MMM 1-3	1	All areas categorised as Major Cities of Australia.
		2	Areas categorised as Inner Regional Australia or Outer Regional Australia that are in, or within 20km road distance, of a town with population >50,000.
		3	Areas categorised as Inner Regional Australia or Outer Regional Australia that are not in MM 2 and are in, or within 15km road distance, of a town with population between 15,000 and 50,000.
Regional	MMM 4-5	4	Areas categorised as Inner Regional Australia or Outer Regional Australia that are not in MM 2 or MM 3, and are in, or within 10km road distance, of a town with population between 5,000 and 15,000.
		5	All other areas in Inner Regional Australia or Outer Regional Australia.

	Zones	MMM	Inclusion
Remote	MMM 6	6	All areas categorised Remote Australia that are not on a populated island that is separated from the mainland and is more than 5km offshore.
Very Remote	MMM 7	7	All other areas – that being Very Remote Australia and areas on a populated island that is separated from the mainland in the ABS geography and is more than 5km offshore.

Further details on the MMM can be found on the Department of Health’s DoctorConnect website, which contains a resource to look up the MMM area for particular locations¹.

Participants located in MMM4 and MMM5 areas are classified as ‘Regional’, MMM6 as ‘Remote’, and MMM7 as ‘Very Remote’. In general, price limits are 40% higher in remote areas and 50% higher in very remote areas. There is no additional loading applied for supports in regional areas.

Providers should refer to support price limits based on where the support is delivered, which is not necessarily where the participant lives.

Temporary Transformation Payment (TTP)

Providers of attendant care and community participation supports who meet the eligibility criteria will have access to a higher price limit through a Temporary Transformation Payment, (TTP). This conditional loading will assist providers to continue to transform the businesses in the move towards a more competitive marketplace.

The support items available for TTP can be identified in the price guide with a T at the end of the Support Reference Number.
