

2022 - 2025

## STRATEGIC PLAN

## VISION Vibrant Futures through Employment, Skills & Support VALUES Respect Integrity Collaboration Courage Innovation PURPOSE To champion and support people with a disability in their choices, based on principles of opportunity, participation, inclusion and equality.

## **Strategic Priorities**

Broad Australia wide presence across all States and Territories delivering workforce solutions for businesses; and pathways to careers and independence for individuals.

- Embed services in the Northern Territory and New South Wales
- Continue with regional expansion across our existing states and territories
- Extend services into Western Australia

High quality workforce participation programs delivered in an integrated manner with transition support initiatives, supporting businesses to thrive and people to live with dignity and hope.

- Expand our Disability Employment Services footprint through the 2023 tender process
- Embed and maximise our collaboration efforts within the IntoWork Australia Group, with particular focus on Workforce Australia
- Explore innovative and supportive social enterprise that support participant goals and develop long- terms skills

2022 - 2025

## STRATEGIC PLAN

3 Collaborate nationally and internationally driving a positive social impact whilst minimising our environmental footprint.

- Explore relevant and timely partnership opportunities
- Explore partnership opportunities with leading educational institutes that support new and emerging models and services for people with disability
- Establish international partnerships with organisations that share our values and passion for best practice

4

6

Develop and/or source responsive and relevant technology systems that support best practice for participants, staff and our broader customers and stakeholders.

- Undertake a whole-of-business review of our ongoing needs, ensuring fit for purpose and scalable systems to meet future demand
- Explore new and emerging ways to engage and connect with our participants, stakeholders, and communities digitally
- 5 Develop a unique and innovative strategy for the attraction, retention and development of staff that supports longevity, growth, and quality service delivery that is aligned to Interact's culture and values.
  - Review and develop an end-to-end people strategy that attracts and retains a highly skilled and engaged workforce
  - Explore international programs that support skilled and semi-skilled migration with focus on individuals who align with our core values

Ensure long-term economic sustainability that responds to market trends, risks and opportunities.

- Explore new funding diversification opportunities, including housing and social enterprise
- Explore relevant and timely merger and acquisition opportunities
- Continue to identify opportunities to improve effectiveness and efficiencies
